WILL BE HELD AT

## STAHL'S GROVE

### Thursday, June 13th, 1935

At a conference recently held, there was great rejoicing over the destruction of the 18th amendment. The chairman—his Satanic majesty said to his shadowy lieutenants: "With the cooperation of our earthly friends, with campaign slogans of 'no saloons', 'dry territory will be protected', and other misleading propaganda, we won. Our next big fight is Kansas—the only state that is constitutionally dry. Our past promises were rot, there are some drys left in Kansas. Watch—don't pray—work. Our safety depends on making Kansas legally wet Get busy." P. S.—"Part slave, part free brought civil war—part wet, part dry is precisely the same situation. Hopeful for us."—Darkness.
